"The Best Cement in the World"

A very broad saying, and to the novice in construction work might produce a cynical smile, but to the builder and contractor and engineer or architect, the saying is a truism.

One gay canoeing party came to a tragic conclusion yesterday afternoon when John J. Stover, aged 21, of Washington, president of the Epworth League branch of the Douglas Memorial Church, was drowned in the Potomac River about 1 mile below Chain bridge shortly after 3 o'clock. Stover was in swimming at the time, and sank before the eyes of his companions.

An initiation ceremony was conducted on the upper lock of the Panama canal at Miraflores yesterday morning under the auspices of the visiting Shriners of Osman Temple, of St. Paul. It was the most elaborate affair of the kind ever seen on the isthmus. A complete temple sitting was arranged in the lock chambers, and 170 local candidates were made "to cross the burning sands." Following the ceremony a bronze tablet in commemoration of the event, was placed on the wall.

Dr. E. E. Gordon, a prominent physician of Cairo, Ill., was shot and killed last night by Harvey R. Fields, an insurance solicitor. About ten days ago Gordon operated on Fields' mother. Her subsequent death, the insurance man declared, was caused by the physician's carelessness. It was in return for her life that he took that of the doctor, he said. Immediately after the shooting Fields surrendered himself to the police. He is 25 years old, and has a wife and child. In his cell Fields made the statement that Dr. Gordon, who was the family physician, had attacked the younger Mrs. Fields in his home.

The daring French aviator, Pegoud, who on August 20 made a parachute drop from an aeroplane from a height of 900 feet, accomplished a much more remarkable feat at Juvisy, France, yesterday, which at first sight appears to have been a piece of extraordinary aerial acrobatics, but which experts declare was an epoch-making experiment toward the attainment of safety in the air. Briefly, Pegoud caused his monoplane to describe a gigantic letter S in the sky, during which he was flying upside down for about a quarter of a mile.

Death claimed a heavy toll in the Labor day automobile speed races at the State Fair grounds at Nashville, Tenn., yesterday afternoon, when four of the six high-powered cars, entered in the 25 mile free-for-all, were wrecked and reduced into a mass of twisted steel and splintered wood, on the far side of the mile track, opposite the big grand stand, wherein were packed 5,000 people. Four of the dare-devil racers were killed, two received minor injuries, while four escaped without injury of any sort. Two of the cars, with their drivers and mechanics, flashed through the tangled wreckage of broken cars and maimed bodies, at a speed of 60 miles an hour, escaping injury.

The Philadelphia police have a mysterious murder, which they are investigating, and they are still undecided whose body it was which they found at the foot of an air shaft at the New Adelphia Hotel, on Chestnut street. The body was found early yesterday afternoon, with the head crushed in, and the pockets were turned inside out. It was that of a well-groomed man, and has every appearance of that of a man of wealth. There are marks of violence on the corpse, which the coroner's deputies say were received before death, and the police are working on the theory that the man was robbed and the body cast into the shaft where it was found.

Further disorders in connection with the tram strike in Dublin, Ireland, occurred last night. Crowds of strikers and demonstrative youths paraded the streets smashing shop windows and indulging in looting wherever an opportunity was afforded. The police dispersed the rioters with baton charges, and everything was quiet by 11 o'clock. The disorders last night resulted in injury to many persons, 35 of whom were taken to hospitals. There was much looting of confectionery shops, and the windows of many stores in the dock, side streets were smashed by bands of hoodlums.

Four persons were drowned in Adirondack lakes yesterday by the capsizing of canoes.

Mother of Eighteen Children. "I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to and as much as I want and feel better than at any time in years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.
